

artcobell NXT MOV Soft Seating

SEE LEARNING SPACES
THE WAY KIDS DO 

Curves That Go Wherever Learning Leads

Playful soft-seating shapes designed to make learning spaces more flexible, inviting and connected.

Wanderer

A playful new shape that expands the possibilities of the soft-seating collection.

Trek

A versatile shape available in three heights. Use it alone as a seat or combine multiple pieces to create flexible configurations for connection, collaboration and play.

NEW

Why Trek?

Because learning is a journey shaped by curiosity, connection and discovery. Sometimes students travel that path together; other times, they need room to explore independently. Trek adapts to both—creating new routes for learning wherever the day leads.

Trek. Connect. Discover.

Use independently or combine multiple pieces to create inviting configurations for focus, conversation and collaboration.

Mix, Match + Explore

Combine colors, patterns and upholstery placements to give each configuration its own personality.
