Juvenile Height 15"–20"

Perfect for floor work and early childhood/pre-K spaces.

Allows students to sit on the floor or use Pixel/Spot floor pads.

Also works with Alphabet and Discover 12"–14" seating.

Seated Height 19"–29"

Traditional seated height range works with 14", 16", and 18" NXT MOV®, Alphabet, and Discover seating.

It also works with 14" and 18" Soft Seating and 14", 16", 18", and 20" MOV stools.

Works across all K-12 grades when students are seated.

Can also work as stand height for early grades.

Café/Stand Height 27"–42"

Café seated height or stand height allows students to change position in class.

Works with 24" and 30" NXT MOV® and Alphabet 4-leg stools and lab stools.

Also works with Discover 4-leg and lab stools.

Juvenile Height 16"–20"

Perfect for floor work and early childhood/pre-K spaces.

Allows students to sit on the floor or use Pixel/Spot floor pads.

Also works with Alphabet and Discover 12"–14" seating.

Seated Height 20"–29"

Traditional seated height range works with 14", 16", and 18" NXT MOV®, Alphabet, and Discover seating.

It also works with 14" and 18" Soft Seating and 14", 16", 18", and 20" MOV stools.

Works across all K-12 grades when students are seated.

Can also work as stand height for early grades.

Café/Stand Height 27"–42"

Café seated height or stand height allows students to change position in class.
