

maker SPACE

ADAPTABLE SOLUTIONS
FOR LEARNING WITHOUT
BOUNDARIES

INSPIRE KIDS TO CREATE

A place that not only embraces creativity, but inspires it! Whether it's using a 3-D printer, crafting with cardboard or rolling up your sleeves and getting dirty, this is the space to build, share and innovate. If you can imagine it, you can make it!

Mini Maker

having a dedicated space to create is instrumental in encouraging today's youth to be original, imaginative and innovative.

High-Tech

Build STEM skills through hands-on learning with machines like 3-D printers and laser cutters.

Creating Crafty Engineers

A dedicated space for those who express an interest in crafting over coding.

Industrial

Challenge the idea of a traditional classroom. Imagine DIY meets education!

Durable Work Surface

High pressure laminate surface on 1-1/8" particle board with coordinated edge band in a variety of colors.

Creative Freedom

Perforated panels take peg-board attachments for extra storage, hanging and containers.

Catalyst

Full metal frame, lighter-weight alternative to our heavy-duty Maker Space Tables. Add casters for extra mobility.

for more ideas, visit artcobell.com

Customizable Storage

Access storage from one side or both sides with configurable shelving.

Height Adjustable

With a range of 25" - 42", the table adjusts to accommodate a wide range of activities and users.

Freedom to Move

Optional 3" or 4" casters on tables for easy reconfiguration.

Made in the U.S.A.

Built to last with reliable Artcobell quality and durability.

Make Your Space

Turn the cabinet into a learning space with writable surface doors and customized peg board. Available in 30" and 42" to coordinate with makerspace tables

TABLES + CABINETS

30" w/Rails

42" h w/Rails

42" h w/Rails

42" w w/Cubbies

42" h w/Cubbies

Cabinet to Desk

Store materials in 3" and 6" trays as well as shelving options. These also ride optional rails that can be installed on Shape Desks and Tables.

Keep It Safe

Optional locking doors protect valuable tools and materials in a shared space.

Write On Me!

Markerboard surfaces help with the brainstorming process and really get creative minds working.

Made in the U.S.A.

Built to last with reliable Artcobell quality and durability.
