

# PeacePod

30" deep and 36.0" wide unit with an integrated cushion seating area. Unit is 48" high, single-sided, open-faced with thermofused-melamine cladding.

## Ends, Partitions

All surface material is 1" thermofused laminate. All exposed edges of the uprights are banded with 2mm matching PVC.

## Padding

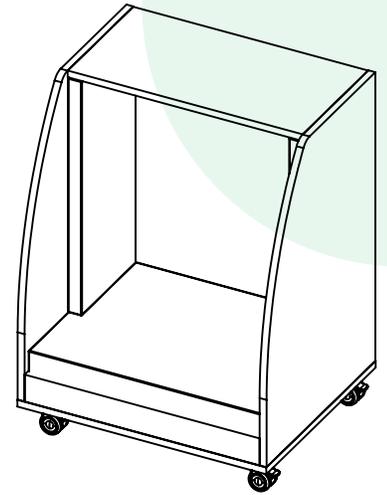

ILD 95 high density foam pads are covered with wipe-clean coated textiles. Side panels are attached with Velcro for easy removing. Seat pad is free floating held in by 4" block to prevent sliding.

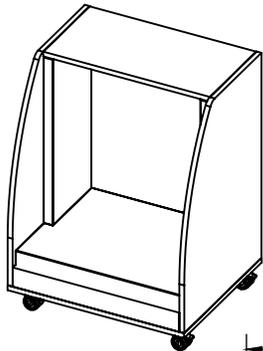

## NXT MOV Casters

Four casters with high load capacity and easy movement with high load situations. High graded TPU tread, total lock type (w/brake, EUB-75). 3in. DIA [75mm] x 2.63in. Wide [67mm] x 4 in. Height [102mm] grey casters are fastened to the bottom using 5/16"-18 fully threaded elevator thru-bolts at all 4 corners of the 2.5in. X 2.5in. square mounting plate for superior strength. Weight capacity of each caster is 150 lbs. each.

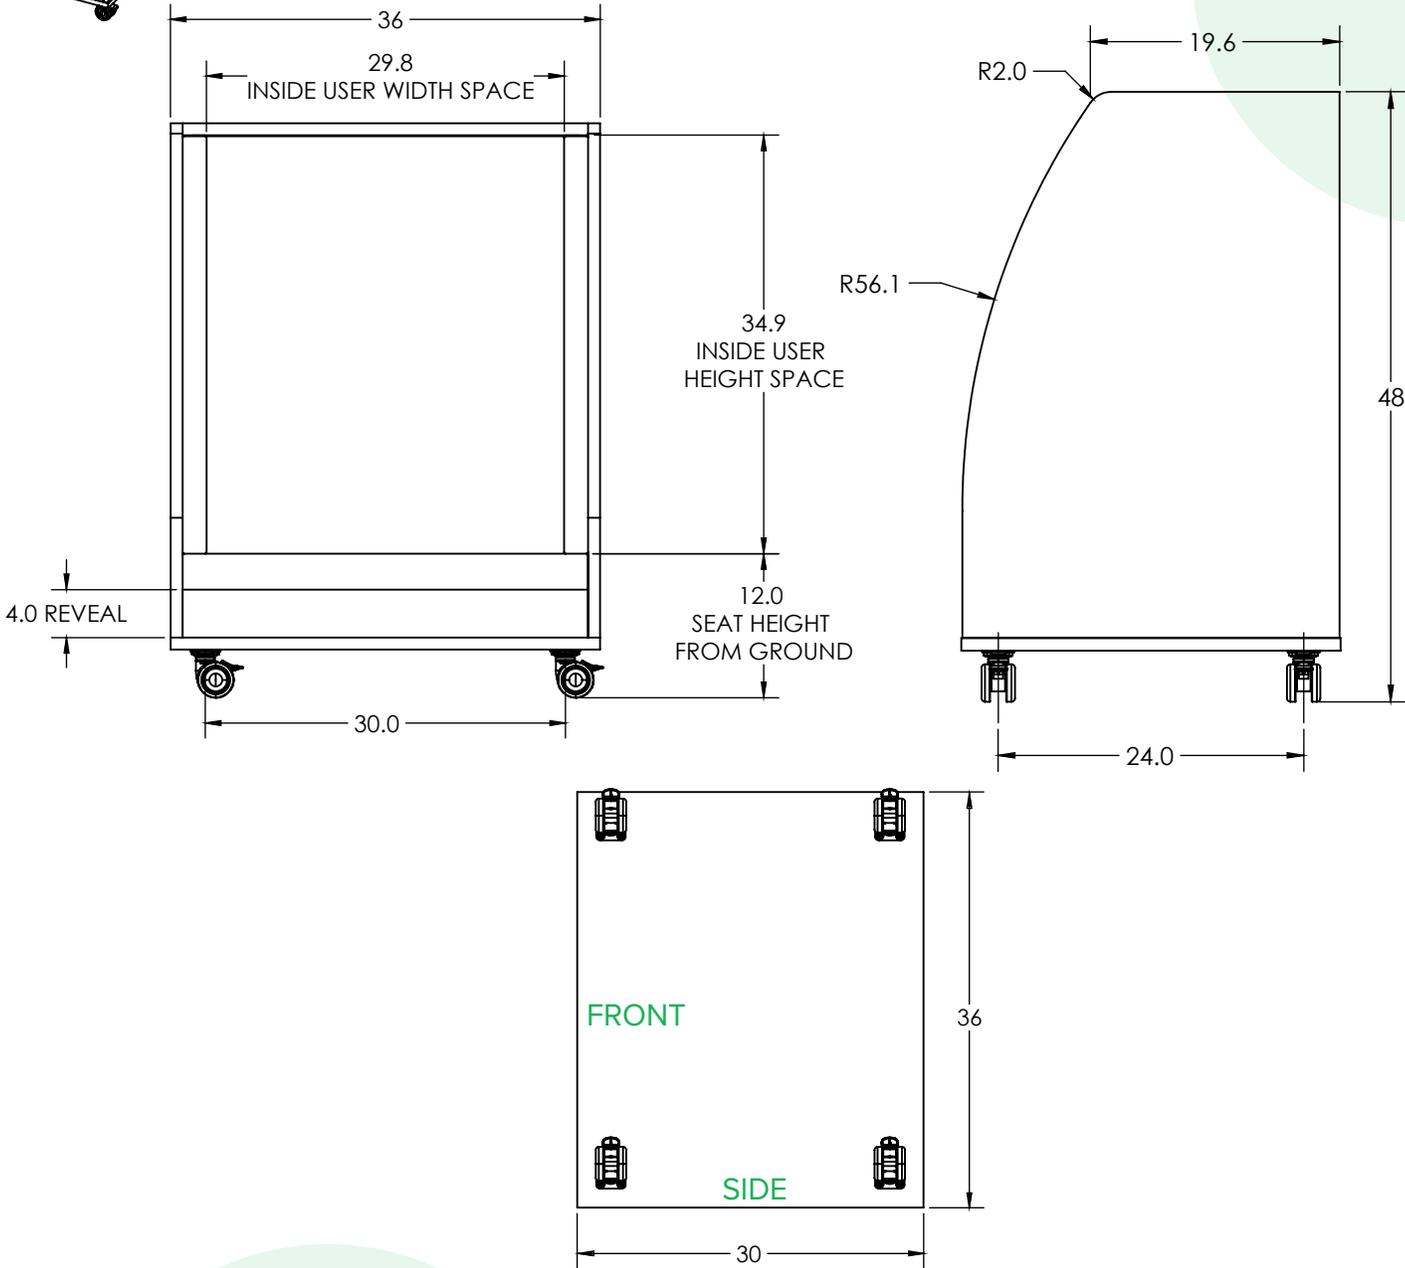

## Compliance

Tested to applicable ANSI/BIFMA Furniture Standards
