

WithinReach Modular Storage

Case (Top, Base, Sides)

Type of material, Thickness: 1" Thermally Fused Laminate (TFL) over engineered wood core.

Edge band 2mm matching laminate: 2mm PVC edge banding applied to all exposed edges; banding color matches specified laminate surface.

Magnet Description: Magnets embedded within cabinet end panels allow adjacent units to align and magnetically couple when positioned side-by-side, while permitting separation without tools.

Weight capacity: up to 300-500 lbs maximum

Back

Type of material, Thickness: 1" Thermally Fused Laminate (TFL) over engineered wood core. Available in Designer White or North Sea.

Edge band 2mm matching laminate: Not applicable. Raw edges are concealed within the cam-lock panel construction and are not visible in the assembled unit.

Color Configuration

Laminate Options: Cabinet components may be specified in coordinated or contrasting laminate finishes.

Side Panel Accent Option: Side panels may be specified in a different laminate color than the cabinet top, bottom, interior components, and doors, allowing two-tone or accent configurations.

Edge Band Matching: All exposed edges receive color-matched 2mm PVC banding corresponding to the selected laminate surface.

Interior

Overview: Designed for modular, reconfigurable storage applications. Interior components support adjustable shelving and flexible tote configurations to accommodate evolving storage needs.

Shelves

Weight capacity: up to 120 lbs maximum per shelf space

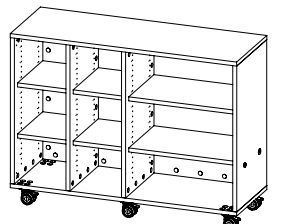

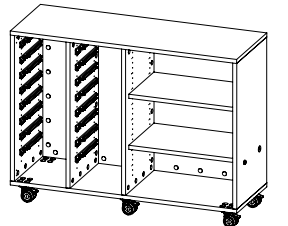

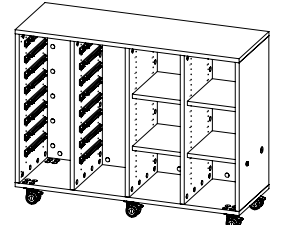

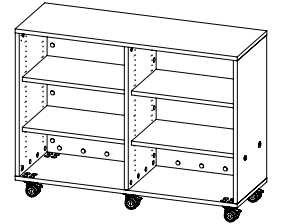

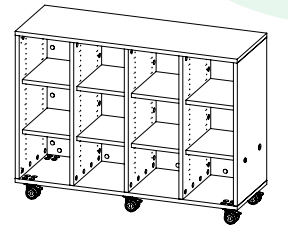

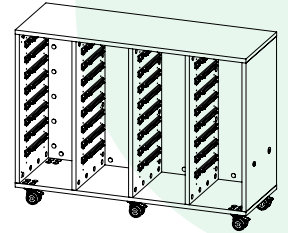

Type of material, Thickness: 1" Thermally Fused Laminate (TFL) over engineered wood core.

Edge band thickness and material: 2mm PVC edge banding applied to exposed edges; banding color matches specified laminate.

Dividers / Partitions

Type of material, Thickness: 1" Thermally Fused Laminate (TFL) over engineered wood core.

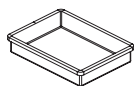

Edge band thickness and material: 2mm PVC edge banding applied to exposed edges; banding color matches specified laminate.

WithinReach Modular Storage

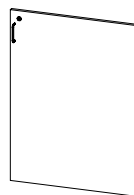

Rails

Type of Rail: Integrated modular translucent tote rail system.
Weight capacity: 11 lbs
Passthrough feature description: Rail system allows tool-free reconfiguration of tote layouts and supports uniform or mixed-depth tote arrangements within the same cabinet bay.

Trays

Type of material: Injection-molded high-impact translucent polymer.
Stop feature description: Integrated rail-guided stop feature limits unintended over-extension during normal use.
Weight capacity: up to 11 lbs

Doors

Type of material, thickness: 3/4" Thermally Fused Laminate (TFL) over engineered wood core.
Type of handle: 96mm brushed chrome wire pull handle.
Locking Mechanism feature: Standard keyed lock system providing secure door closure. Clear rubber bumpers reduce impact noise and protect cabinet surfaces during closure.

Seat Pad

Type of material: Rectangular prism shape in ILD 95, high density foam.
Cover: Cover may be specified in environmentally friendly wipe clean coated vinyl. A slip-resistant gripper vinyl is added to the bottom cover piece.
Weight capacity: up to 300 lbs

Casters

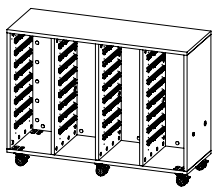

Type of caster: 3" swivel braking casters, dark grey finish. All casters include integrated foot-operated brakes. Cabinet configurations include no fewer than four (4) casters; total caster quantity varies by cabinet size and model.
Weight capacity: up to 350 lbs per caster

Compliance

Tested to applicable ANSI/BIFMA Furniture Standards
