

1200 Series | Activity Tables

1200 series activity tables are available in a range of shapes and sizes.

1-1/8" Particleboard Core with Flat Banded Edge (F)

TOP is constructed of a 1-1/8" thickness 45# particleboard core with high-pressure laminate (HPL) top surface and phenolic backer sheet for balanced construction. 1 1/8" flat vinyl edge is secured to the perimeter of the top. All tops have a 2.0" corner radius. Stretcher bars are standard on all tops 60" wide or greater. Stretcher is 1"x1" 16-gauge tube attached to the top with five (5) #12 x 1 3/4" Phillips head wood screws.

Quick-Set Leg Brackets

All tops include 13-gauge triangular steel quick-set brackets that are factory installed to the top with three (3) #10 x 3/4" pan head screws. Quick-set bracket includes a 1/2" flange that provides clearance for the leg base plate to slide underneath. Quick-set bracket permits easy leg attachment with four (4) #12 x 7/8" pan head screws.

Leg Packages

For adjustable leg packages, upper leg is constructed of 1 1/8" 18-gauge tubular steel welded to a 13-gauge 9 1/4"x7" triangular plate. An 8mm wire "V" shaped brace is welded to the leg and receiving plate. Upper leg is available in powder coat finish; completed after welding for improved aesthetics. Lower leg (inserts) is made of 18-gauge tubular steel in nickel chrome and receive Phillips locking adjustment bolts in 1" increments allowing the table height to adjust from 21" – 29". Leveling capability of 1/8" to adjust for uneven floors. Legs are standard with nylon glides.

Compliance

- > Indoor Advantage™ Gold. Indoor air quality certified to SCS-EC10.3-2014
- > Tested to applicable ANSI/BIFMA Furniture Standards
